👤 About Me

A passionate full stack web developer with more than 2 years of expertise in HTML, CSS, JavaScript, and frameworks like React and Next.js. With a strong foundation in backend technologies such as Express, Node.js and MongoDB, I build user-friendly, responsive web applications. A creative problem-solver, I constantly seek to expand my skills and deliver excellence.

Skills

- **HTML, CSS, JavaScript**
- **Tailwind, Bootstrap**
- **React, Next Js**
- **Mongo DB**
- **Node, Express Js**
- **Responsive Designs**
- **Logic Building Ability**
- **Excellent Communication**

🎓 Education

Bachelor of Arts (English Honours)
Asutosh College   2016 - 2019

Pursuing English Honours deepened my appreciation for literature and language, enhancing my ability to understand diverse cultures and perspectives. It cultivated critical thinking and empathy, enabling me to connect with the world meaningfully and thoughtfully.

Certified Frontend Developer
Central Institute Of Technology   May 2023- Oct 2024

- Gained expertise in HTML, CSS, JavaScript, React and Next.js.
- Mastered tools like Tailwind CSS and Bootstrap.
- Improved problem-solving and debugging skills.
- Developed creative, user-friendly web designs.
- Built responsive, modern websites.

Self-Taught Backend Developer

- Gained expertise in Node.js, Express.js, and MongoDB.
- Learned to design and manage RESTful APIs and databases.
- Improved skills in server-side logic and authentication.
- Mastered debugging and performance optimization.
- Built scalable backend systems for modern applications.

💼 Experience

Content Writer / WordPress Website Builder
Academia Assist   **2022-2023**

Here I joined as a content writer but also collaborated as an important member to builder their WordPress site that handles thousands of traffic everyday without any technical glitches

Shopify Website Builder and Content Writer
Care N Class   **Oct 2023-May 2024**

Built their Shopify site with their team of website builders. Learned a lot about the CMS and created responsive design for their website with using the tool Metafields guru.

Full Time Content Writer
Elphill Technology   **October 2021-June 2022**

Started my career as a content writer where I learned about SEO and other search engine related technology and hacks. The job helped me a lot to understand about the web and how things rank on the internet.

Freelance Website Developer
                                      Current

Created complete website alone for a property broker's company and a home-shifting company. Moreover, created landing pages for 3 YouTubers to sell their courses.

Good At

Api Handling, Form Handling, Responsive Designs, javascript advanced, Debugging, Perfromance optimization, Database(Mongo DB and SQL) crossbrowser compatibility, Version Control, and payment gateway integration,
